The official spin on numerous government programs is flat-out b*****t, according to Jesse Ventura. In this incredible collection of actual government documents, Jesse Ventura, the ultimate non-partisan truth-seeker, proves it beyond any doubt. He and Dick Russell walk readers through sixty-three of the most incriminating programs to reveal what really happens behind the closed doors. Witness as he breaks open the vault, revealing the truth:

The CIA's top-secret program to control human behavior Operation Northwoods—the military plan to hijack airplanes and blame it on Cuban terrorists Potentially deadly health care cover-ups, including a dengue fever outbreak What the Department of Defense knows about our food supply—but is keeping mum Homeland Security's "emergency" detention

camp Fake terrorist attacks planned by the United States

Although these documents are now in the public domain, the powers that be would just as soon they stay under wraps. Ventura's research and commentary sheds new light on what they're not telling you—and why it matters.
