The Death Guard are the Traitor Legion most favoured by Nurgle. Utterly devoted to spreading the Plague God's hideous diseases across realspace, they are living plague vectors whose bloated bodies and rusted war engines boast grotesque resilience and firepower. They are a walking pestilence, a living plague of destruction and horror. Their heavy tread heralds the end of hope, and the damnation of all

who oppose them. Their touch withers all, and spreads seething corruption that swallows worlds. They are the sons of Mortarion, the chosen of Nurgle; fear them, and despair.

Codex: Death Guard contains a wealth of background and rules - the definitive book for Death Guard collectors. Within, you'll find:

Background

- The Wages of Heresy: a detailed history of the Death Guard's descent into absolute filth and corruption, driven into a grotesque damnation by the cold ambition of Mortarion, and a description of their homeworld and their enormous, rotting Plague Fleets;
- The organisation of the Death Guard: a surprisingly organised and coherent Legion, for all the rot and bloat, with 7 Plague Companies at the head of a vast and diverse force;
