Fighting for My Life Download Online eBook Jamie TenNapel Tyrone & Marwan Noel Sabbagh MD, FAAN Free eBook PDF/ePub/Mobi/Mp3/Txt, A uniquely hopeful exploration of the impact of Alzheimer's Disease. This book combines the compelling story of Jamie Tyrone - a self-proclaimed "lab rat" diagnosed with a 91 percent chance of contracting AD - with the medical expertise of Dr. Marwan Sabbagh, a leading authority on Alzheimer's and dementia.

Jamie Tyrone was forty-nine years old when she learned she had a genetic predisposition toward Alzheimer's disease—in fact, her genes translated to a 91 percent chance that she would contract the disease during her lifetime. Surprised by the way she learned of the diagnosis through genetic testing, and painfully familiar with Alzheimer's because of her family history and her experience as a nurse, Jamie felt as if she had a ticking time-bomb inside her, ready to go off at any moment.

After an initial bout with depression, Jamie decided to take action rather than concede defeat. She started by founding B.A.B.E.S (Beating Alzheimer's By Embracing Science) to raise money and awareness in the search for a cure. Energized by that community, Jamie teamed up with renowned neurologist Dr. Marwan Sabbagh to write *Fighting for My Life* as a practical, helpful guide for those who know they are at greater risk of contracting Alzheimer's Disease.

This book is unique because it offers expert medical advice from Dr. Sabbagh alongside Jamie's real-life experiences as a woman living in the shadow of Alzheimer's. In addition, *Fighting for My Life* is one of the only books on the market that takes an honest look at the pros, cons, and possible dangers of genetic testing.
