Have you ever obsessed over the size of your thighs while eating dessert, all the while saying you'll work out extra tomorrow? Or spent endless hours wondering why you have to bear the brunt of other people's insecurities? I mean, after all, I'm pretty great. Why cope with insecurities I don't already have?

That last one's just me? All right, then.

But if the rest sounds familiar, you are experiencing Girl Logic: a characteristically female way of thinking that appears contradictory and circuitous but is actually a complicated and highly evolved way of looking at the world.
