The financial crisis that exploded in 2008 isn't past but prologue. Matt Taibbi has combined deep sources, trailblazing reportage, and provocative analysis to create the most lucid, emotionally galvanizing account yet written of this ongoing American crisis. He offers fresh reporting on the backroom deals of the bailout; tells the story of Goldman Sachs, the "vampire squid wrapped around the face of humanity"; and uncovers the hidden commodities bubble that transferred billions of dollars to Wall Street while creating food shortages

around the world.

This is essential reading for anyone who wants to understand the labyrinthine inner workings of this country, and the profound consequences for us all.
