Three years ago I was miserable. I'd sit at my desk every thinking 'this can't be it'. I felt like I was missing out, like there was so much more to life than going back and forth to a windowless office building every day feeling unfulfilled, uninspired and fed up.

I needed more. I wanted to explore the world, live in different places, meet different people and let every day be an adventure. I wanted the life I thought might be out there. Maybe you also feel like this from time to time?

My dream was get a van, make it into my full-time travelling home and break away. Off into the sunset. To be free, with the whole of Europe (and possibly beyond) as my garden. So that's what I did.

Now my life is very different. I live where I want, I do what I want, and travel and adventure are part of every day. I am free of my old shackled life. I decide when and where I work, how much I get paid and what I do with the rest of my time.

A van is freedom. It's the new office. It's the new home. And no one will be asking for rent

No one told me a life like this was even possible and my experiences over the last three years have exceeded my wildest dreams.

Which brings us to you and this book!

Or if you just want to escape in a campervan for a few weeks or months but don't how to make it happen, or if it's even possible...
