To know our purpose in life, we begin with our passions, skills, and talents, and with this book we learn how to channel the best of who we are to achieve success for ourselves and those we lead.

In *Identity Leadership*, Graham examines why self-awareness matters, how leaders lead, the importance of communication, and much more. He then shows the reader how to step into their role as a leader and create their identity leadership plan. Key to the journey is believing in yourself, knowing your competence, continually challenging yourself, and being patient with yourself. Graham uses anecdotes from his own

life, as well as discussing successful leaders, to illustrate the importance of identity leadership in each of our lives.

Self-leaders can create a roadmap that leads to personal growth, development, and improvement of performance in every area of life. *Identity Leadership* provides the tools-self-awareness, emotional intelligence, discipline, and more-needed to continually plan and execute learning and development of our talents and skills.
