Infancy is a thing of the past and toddlerhood is straight ahead. A baby still? Not really, but neither is he a toddler and that is the key to understanding this phase of growth. This is a period of great exchange: baby food is exchanged for table food; the highchair for booster seat; finger feeding replaced with spoon; babbling sounds transition to speaking, the first unsteady steps are conquered by strides of confidence, and the list goes on. Moving forward at a lightning pace, pretoddlers are driven towards a new level of independence, equipped with a mind of their own.
