- Explain how to create a culture of safety in which everyone feels valued, important, and capable of learning.
- Describe the four areas of need--emotional, relational, physical, and control--that drive student behaviors and show how to meet these needs with interventions framed around the new three Rs.
- Illustrate trauma-invested practices in action through real

scenarios that identify students' unmet needs, examine the situation from five stakeholder perspectives, and suggest interventions to support students and their families.

- Offer opportunities to challenge your beliefs and develop deeper and different ways of thinking about your role in your students' lives.

Educators have a unique opportunity to influence students' learning, attitudes, and futures. This book will invigorate your practice and equip you to empower those you serve--whatever their personal histories.
