After losing his first love, Cole Turner shoves his pain deep, trades in his horse for a motorcycle and becomes a rescue worker, living life to help rebuild homes of those hit by tragedy. On his way home to the ranch for a visit he's run off the road by the beautiful, asleep-at-the-wheel veterinarian with a chip on her shoulder and suddenly for the first time since he shut the door to his heart a flame of life sparks...however the maddening woman needs help but is too stubborn to know it.

Susan Worth might need help but the maddening Harley-riding-wanderer offering to help her is not right for the job-or is it that he's too right for the job and she's afraid? Because of the matchmakers jumping in-including Cole's older brother who is doing some matchmaking of his own-Cole and Susan are thrown together and sparks are flying like wildfire
