**Ship of Gold in the Deep Blue Sea Download Online eBook Gary Kinder Free eBook PDF/ePub/Mobi/Mp3/Txt, "Titanic meets Tom Clancy technology" in this national-bestselling account of the SS *Central America's* wreckage and discovery (*People*).**

*September 1875.* With nearly six hundred passengers returning from the California Gold Rush, the side-wheel steamer SS *Central America* encountered a violent storm and sank two hundred miles off the Carolina coast. More than four hundred lives and twenty-one tons of gold were lost. It was a tragedy lost in legend for more than a century—until a brilliant young engineer named Tommy Thompson set out to find the wreck.

Driven by scientific curiosity and resentful of the term "treasure hunt," Thompson searched the deep-ocean floor using historical accounts, cutting-edge sonar technology, and an underwater robot of his own design. Navigating greedy investors, impatient crewmembers, and a competing salvage team, Thompson finally located the wreck in 1989 and sailed into Norfolk with her recovered treasure: gold coins, bars, nuggets, and dust, plus steamer trunks filled with period clothes, newspapers, books, and journals.

A great American adventure story, *Ship of Gold in the Deep Blue Sea* is also a fascinating account of the science, technology, and engineering that opened Earth's final frontier, providing "white-knuckle reading, as exciting as anything . . . in *The Perfect Storm*" (*Los Angeles Times Book Review*).

"A complex, bittersweet history of two centuries of American entrepreneurship, linked by the mad quest for gold." —*Entertainment Weekly*

"A ripping true tale of danger and discovery at sea." —*The Washington Post*

"What a yarn! . . . If you sign on for the cruise, go in knowing that you're going to miss meals and a lot of sleep." —*Newsweek*
