You can have all the dating skills in place but if your texting sucks he's gone. STOP! Understand the male brain so your texting captures his attention and keeps him hooked and attentive until the next date. To understand his mind, you need a top male dating coach.

Hi I'm Gregg. I write books based on your needs. Thousands of you bought and read Power Texting Men so you are killing it already. Now, let's step it up a notch with texting for the more mature crowd, regardless of your age. This texting book is for you.

By the end of this texting book, your competition for him is toast - he's into you

As a woman, you have a built-in ability to be charming. You deliver a look or you use a certain tone of voice and you're able to work your way with men. In an instant, you can melt a man's heart.

When you meet a man you're attracted to, you turn on that charm, you deliver a coy smile, you walk away and he's hooked. Yet, when it comes to texting, you're all thumbs. You're anxious and you feel incompetent. You lose all confidence.

As a result, you text instinctively, like a woman, which is the natural thing for you to do. You can quickly get emotional and frustrated when he doesn't respond as soon as you would like. You might bomb him with texts, getting more worried with each one.

All this emotion, anger and frustration is normal. Your flirting skills have evolved over millions of years. Flirting comes as naturally to you as flight to a bird. When you're standing face-to-face with a man, you're good but when you're facing the tiny screen on your phone, you're perplexed.

That's because you expect him to respond like your girlfriends do.

Guy's don't! We never evolved!
