The Bedside Baccalaureate Download Online eBook David Rubel Free eBook PDF/ePub/Mobi/Mp3/Txt, Many adults long to make up for an education they either never had or that seemed somehow lacking. Now they can fill in the gaps right at home with *The Bedside Baccalaureate* series, which speaks directly to this grown-up thirst for knowledge. Filled with color images, extremely readable, and with an appealing presentation, it provides a fun, no-pressure experience that everyone will enjoy.

The goal of *The Bedside Baccalaureate* is not the simple accumulation of trivia, but the placement of facts within the framework of knowledge. The 20 courses—focused overviews of subjects with which any well-educated person would want to be familiar—are created by experts in their fields with the intention of making the topics accessible and entertaining. Each course consists of 18 one-page lectures that maximize clarity without compromising the integrity of the ideas. The lectures are rotated, rather than clumped together, to add variety to the reading experience and to mimic the heady mix

of subjects one encounters in the world of the intellect. You can dip into an assortment of areas by reading a page at a time; or, if a course really grabs you, you can skip ahead. Learning is contagious—once you get started, it's difficult to stop.

The courses are associated with one of 12 departmental “strands” as follows: Two courses each per volume

- American History
- Philosophy
- World History
- Economics
- English and Comparative Literature
- Classics
- Art History
- Environmental Science
- Mathematics and Engineering
