It is a scientific fact that people's gestures give away their true intentions. Yet most of us don't know how to read body language— and don't realize how our own physical movements speak to others. Now the world's foremost experts on the subject share their techniques for reading body language signals to achieve success in every area of life.

Drawing upon more than thirty years in the field, as well as cutting-edge research from evolutionary biology, psychology, and medical technologies that demonstrate what happens in

the brain, the authors examine each component of body language and give you the basic vocabulary to read attitudes and emotions through behavior.

Discover:

- How palms and handshakes are used to gain control
- The most common gestures of liars
- How the legs reveal what the mind wants to do
- The most common male and female courtship gestures and signals
- The secret signals of cigarettes, glasses, and makeup
- The magic of smiles—including smiling advice for women
- How to use nonverbal cues and signals to communicate more effectively and get the reactions you want

Filled with fascinating insights, humorous observations, and simple strategies that you can apply to any situation, this intriguing book will enrich your communication with and understanding of others—as well as yourself.
