The World of the Dinosaurs Download Online eBook Dougal Dixon Free eBook PDF/ePub/Mobi/Mp3/Txt, This fascinating book charts the evolution of the dinosaurs and shows how different species developed and adapted in response to the changing world landscape, climate and available food sources. A clear illustrative chart explains dinosaur ancestry and evolutionary lines of all of these creatures, and lavish anatomical illustrations show the main differences between the major groups of dinosaurs. The book covers fossil finds, environments in which prehistoric beasts lived, and 50 profiles of the most well known dinosaurs. Each entry is presented with a description of its body shape and size, lifestyle, period of time in which it lived and evolutionary line, and is illustrated with precise portraits according to the latest scientific understanding. Dougal Dixon began his career as a geological consultant for a publishing company in 1973, nurturing a special interest in fossils and evolution. He is now a full-time writer specializing in earth sciences and has

written many children's books and encyclopedia with a special interest in dinosaurs. He has made several television appearances and acted as a consultant and animator for a video programme about dinosaurs.

This book covers fossil finds, environments in which prehistoric beasts lived, and 50 profiles of the most well known dinosaurs.
