DIRTY LITTLE SECRETS... Every movie and TV star has one. So does every agent and manager. Some producers and studio execs have two or even three. I'm talking about an assistant. Someone to answer your phones, pick up your dry cleaning. Someone to hide your drugs. Your assistant knows what you eat, who you're sleeping with and what medications you're taking. They listen in on your phone calls. They are the eyes and ears of Hollywood... and occasionally they talk. Culled from dozens of interviews with former and current Hollywood assistants, Where's My F*cking Latte is a no-holds barred insider's look at what really goes on behind Tinseltown's closed doors.

Mark Yoshimoto Nemcoff made a living writing music for television before opportunity knocked and transformed him into a screen/TV writer and later an award-winning and bestselling author featured on "Access Hollywood". A podcast he recorded in his car turned into a drive-time radio show on Sirius five nights a week. This led to a handsome feature in Playboy Magazine that compared Mark to Howard Stern and Jon Stewart. Mark later created an Internet video series that led to him being cast as the on-screen host of TV's "The MoShow", a nationally syndicated newsmagazine about smartphones and mobile entertainment.

PRAISE FOR MARK YOSHIMOTO NEMCOFF:

"Imagine Howard Stern dropping acid with Trey Parker and Jon Stewart while driving around downtown L.A. and you're nearly there." - PLAYBOY MAGAZINE
